

MUKESH KUMAR K

Coimbatore, Tamil Nadu | +91 86086 22547 | mukeshkumark1755@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

EDUCATION

KIT – Kalaingar Karunanidhi Institute of Technology, Coimbatore B.E. Computer Science & Engineering (AI & ML) · CGPA: 7.73	2023 – 2027
Indian Institute of Technology Madras, Chennai B.S. Data Science and Applications (Diploma Level)	2023 – 2027
Veveaham Prime Academy Class XII - 63%	2022 – 2023
St. Joseph Matriculation Higher Secondary School Class X -- Pass	2020 – 2021

EXPERIENCE

AppinTechnology <i>Machine Learning Intern</i>	Jun 2025 – Jul 2025
- Learned and applied machine learning concepts using Python and popular ML libraries. - Worked on data cleaning, preprocessing, and exploratory data analysis to prepare datasets for training. - Built and tested basic machine learning models for classification and prediction tasks. - Collaborated on small projects to improve model performance and gain hands-on experience with ML workflows.	

PROJECTS

NeuroGuard AI – Agentic AI Platform for Custom AI Agents and RAG Workflows DEMO
- Built an Agentic AI platform using LangGraph, Groq LLMs, React, Node.js, and MongoDB. - Implemented RAG pipelines with MiniLM embeddings and FAISS vector search for document-based Q&A. - Developed secure REST APIs with JWT authentication and agent API key management. - Created real-time chat workflows with LLM orchestration, memory, and dynamic model routing.
Tech Stack: <i>LangGraph, Groq LLMs, Python, React, Node.js, MongoDB, FAISS, JWT.</i>
Clickr – Voice-Driven Agentic AI Desktop Companion DEMO
- Built a voice-controlled AI desktop assistant using Electron.js, TypeScript, and React. - Integrated Groq Whisper and ElevenLabs for real-time speech recognition and voice responses. - Enabled autonomous computer control using AI vision, screen capture, and nut.js. - Developed multi-modal AI workflows with Groq and Supabase for task execution and memory.
Tech Stack: <i>Electron.js, Javascript, React, Groq API, ElevenLabs API, Supabase, Node.js.</i>

TECHNICAL SKILLS

Languages: Python, JavaScript
AI / Machine Learning: Prompt Engineering, Agentic AI, LangGraph, RAG Pipelines, Vector Databases, LLM Integration, AI Automation, FAISS, Groq API
Frameworks & Libraries: React, Node.js, FastAPI, Electron.js, Pandas
Databases: MongoDB, Supabase, MySQL
Web & Backend: REST APIs, JWT Authentication

CERTIFICATIONS

Design Thinking — **NPTEL**
Cloud Computing — **NPTEL**
Artificial Intelligence Foundation Certification — **Infosys Springboard**
Apply AI: Analyze Customer Reviews — **Cisco Networking Academy**
Introduction to Modern AI — **Cisco Networking Academy**

COMPETITIVE PROGRAMMING

LeetCode: Rating 2045 (Knight) | 380+ Problems Solved | Top 1.99% Globally
CodeChef: 3★ (1798 Rating) | 289+ Problems Solved | Global Rank 4,958

ACHIEVEMENTS

- Secured 2nd Place in AgentHack'26, an inter-college hackathon focused on AI and Agentic AI solutions.
- Achieved Elite Certification in NPTEL for outstanding academic performance.

VOLUNTEERING & LEADERSHIP

- Executive Committee Member, Department Association – Organized technical events, workshops, and student development programs.
- Executive Officer, Department Association – Coordinated departmental activities and student engagement initiatives.
